

SOURCE GIN

SOURCE GIN is 100% French, distilled 5 times, with a stunning design thanks to a modern blue life tree. The meeting of an exceptional pure spring water, wheat and our know-how.

GET BACK TO THE SOURCE

SOURCE GIN is so named for its spring water from Gensac-La Pallue in the heart of Spirit Valley. Its purity, a rigorous selection of eaux-de-vie from French wheat and natural qualitative extracts let it reach a sweetness and a unique freshness of juniper with fine spicy notes. Then, our cellar master, through an exceptional spirits know-how, makes a reduction in two steps and a stabilization of 10 days to keep roundness and long lasting aromas. Source Gin is at 43% ABV to guarantee the best aromatic expression.
